

Economy Deluxe Limb Restraints

Morrison Medical Limb Restraints prevent combative patients from interfering with administration of medical care and harming themselves or medical personnel. Constructed of soft breathable foam, strong polypropylene 1" strap, and Velcro® closure. Tie down and double D-ring styles available.

- Constructed of soft breathable foam and strong 1" polypropylene strap.
- Velcro® closure holds restraint in place to allow quick application and tying of straps.
- Reusable, but economically priced to be considered disposable.
- Adult, pediatric and infant sizes available.
- Latex-Free.
- FDA approved.
