

## Morrison Medical's Head Vise III

The Head Vise III is a popular selection from the Morrison Medical disposable head immobilizer line. This all weather, universal head immobilizer will fit virtually all backboards and patients. The hook engagable base allows the wedges to be repositioned in all directions to customize the fit to your unique patient and situation. The extra wide 3" wedges provide great stability and patient comfort. Each immobilizer comes with: one foam base with pressure sensitive adhesive for application, two 3" wide foam wedges and two all weather head/chin straps. The Head Vise III is both disposable and affordable. Sold individually or in cases of 24.

- All weather head immobilizer.
- Includes two blue all weather straps, 2 x 36" each.
- Foam base measures 4 x 15".
- Extra wide foam wedges (3") for greater stability.
- Single use, disposable.
- Quick and easy to apply.
- Patient's ears are easily accessible.
- Universal – will fit virtually all backboards and patients.
